“Iron and salt,” whispers the old man. The dead old man. “Hurry or it will be too late.”

To escape the stress of living in the city and the anxiety of his high pressure job, Brian Roy moves his family to the country. His wife loves the easy living, but Brian hates it—especially when weird things start happening in the house. When he discovers a dead body in the woods and a burial ground in his basement, Brian could never imagine the shocking history of the house or its former occupants that comes to light.

As his life starts to unravel, Brian isn’t so sure living in the country is going to be the oasis of peace he and his wife expected. Lately, his home has become a haunting den of hell.
